

DEDICATED SEND SPECS

REQUIRED DELIVERABLES: 1. HTML CODE 2. SUBJECT LINE 3. PREHEADER TEXT (OPTIONAL)

EMAIL ADVERTISING GUIDELINES: 1. Test your HTML code for errors with an HTML validator prior to submitting to SmartBrief. 2. Visit the Guide to CSS Support in Email: campaignmonitor.com/css. 3. [Whatispreheadertext?](#)

NOTE: HTML is due 10 full business days in advance of the send date, and compatibility issues may delay the send.

Subject Line & Preheader:

- 50 characters max recommended for subject line and preheader
- Avoid these terms: "New", "Free", "Special."
- Do not use all CAPS or exclamation points! (These phrases, fonts and punctuation may cause your email to get marked as spam).

HTML Code

Design:

- Limit the design width to no more than 650px.
- Design with tables and nested tables (relevant code should begin with the <table> tag and end with the </table> tag).
- Use six-digit hex codes for colors.
- Code links on one line: `linked text`
- Use inline styling. Except for media queries, SmartBrief only incorporates code between the body tags into our template.
- Media queries should be in style tags in the head element. SmartBrief can only accept media queries that have a Class or an ID.

Images:

- Use JPEGs or GIFs.
- Use absolute URL and image paths (images, links, etc.). Images and files must be hosted by client.
- Use image width and height attributes and values to preserve layout structure when images are disabled.

Do not:

- Do not use dynamic scripts (Javascript) or any form elements (checkbox, radio button, input field).
- Do not use background images, image mapping, or animated GIFs.
- Do not embed Flash or any other type of video.

SmartBrief on Leadership

MAKE SMARTER DECISIONS, FASTER.
See how smart HR tech can help you get *more* out of your people data in *less* time.

[Tell Me More](#)

With millions of data points in the cloud, and millions more being added every day, no one has the time to sift through it all. Even if you did, the data would be out-of-date the moment you were done.

That's where artificial intelligence (AI) comes in. AI can quickly and accurately analyze data and statistics to give you the insights you need to make an informed decision, especially in the area of talent management. Read about four different employee types you may encounter and how to leverage predictive analytics to engage, promote, and retain them.
